St Mary's Priory Catholic Infant and Junior Schools' Weekly Newsletter 17th November, 2022

'Love one another; Always do our best; Take care of ourselves and the world around us'

Anti-Bullying Week

We kick-started Anti-Bullying Week by wearing odd socks on Monday to show and celebrate the fact that we are all unique.

The theme this year was 'Reach Out' which was chosen as we wanted something that empowered children to do something positive to counter the harm and hurt that bullying causes.

What is bullying?

Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. It can happen face to face or online.

What to do if you're worried about bullying:

Speak with your child's class teacher who can work with the children and ensure that it stops, and stops today.

Still concerned? Speak with one of our Assistant or Deputy Headteachers who will be happy to support you.

Attendance winners!		
Infant School:	Junior School:	
Robin Class 97.6%	5C 100%	
Punctuality winners!		
None	6D 0 lates	

In this week's **phase assembly** we asked the question 'Who do we look to in times of trouble?'

It encouraged pupils to look to God and responsible adults for support. There were also reference to supporting Christians who are being persecuted around the World.

St Mary's Priory Catholic Infant and Junior Schools' Weekly Newsletter

Love one another; Always do our best; Take care of ourselves and the world around us'

Dates for your diary:

- 18th November-Children In Need-children to dress up wearing spots and donate £1 to the charity via Arbor (non-uniform day)
- 21st November @ 4pm Virtual meeting for Reception and Year 1 parents-Introduction to Little Wandle- our new phonics scheme

- 22nd November @ 9am Infant Hall for Reception and Year 1 parents- Introduction to Little Wandle- our new phonics scheme
- 8th December- Christmas Fair (after collection time, in the Infant building- Please use the nursery gate to enter the fair)
- 8th December-3pm collection time for Nursery, Reception and Year 1 due to the Christmas Fair
- 12th December- Years 3 and 4 Christmas Performance @9.10am in Junior Hall-parents warmly invited.
- 13th Dec Nursery and Reception Nativity Performance @9.10am in Junior Hall-parents warmly invited.
- 14th Dec Years 5 and Y6 Carol Concert @9.10am in Junior Hallparents warmly invited.
- 15th Dec Years 1 and 2 Christmas Performance @9.10am in Junior Hall-parents warmly invited.

Reminders

- Children In Need Day tomorrow- non-uniform day
- Follow us on Twitter! @stmarysrcpriory to see weekly updates from our classes!

Play your part in **saving** the environment by buying 'nearly new'. Every day, tonnes of clothes and toys end up in landfills across our world. Avoid buying brand new some of the time and make a positive impact on the environment for our children's futures.

What if one parent and child cycled to school instead of driving every day for a year?

You'd save 0.48 tonnes (Co2E) which is equivalent to...

The emissions from driving 1,206 miles or charging your phone 58,388 times.

To save that much Co2E you'd need to plant 7.9 trees & grow them for 10 years.

We're offering Parents/carers or grandparents an opportunity to get involved with our community Roadwatch programme.

Alongside our local Met Police Officers, with an aim of improving road safety. You will be shown how to use speed detection equipment to deter speeding on Haringey roads.

How to get involved

If you would like to take part in community Roadwatch, or suggest a residential area where there are concerns around speeding, contact communityroadwatch@tfl.gov.uk Halema.uddin@haringey.gov.uk

Research has shown that speed is often a contributory factor in road collisions.

Community Roadwatch is designed to support wider police activity, working with local communities to make people aware of the dangers of travelling too fast on London's

Who has a bike on their child's wish list?

Order now for the Festive Season. Through our exciting partnership with Peddle My Wheels' we offer their

Try-Before-You-Bike scheme.

Anyone living, learning & working in Haringey can choose a bike from their website:

https://www.peddlemywheels.com/

They deliver it to your door with an option of a Free cycle training session. Monthly interest free Payments!

Check their website for all information.

Order early in time for Christmas, spread the cost all year.

What Parents & Carers Need to Know about

CALL OF DUTY: **MODERN WARFARE**

WHAT ARE THE RISKS? The Call of Duty (CoD) series is a worldwide gaming phenomenon, with millions of copies sold every year.

While 2021's release, Vanguard, wasn't quite as well received, this latest entry – Modern Warfare II – has
so far proved a massive commercial success. A sequel to the recent Modern Warfare reboot (and not
to be confused with the original Modern Warfare 2, from back in 2009), the game is an online
shooter which features – unsurprisingly – extreme violence, rendered in realistic graphics. Amid
the explosions and political nature of the plot, there's much for parents to be aware of.

GERATING PEGI

VIRTUAL VIOLENCE

OFFENSIVE CHAT & MESSAGING

IN-GAME PURCHASES

dern Warfare II follows the ttle pass' model of games Fortnite. For a fee – usually jund £10 – each 'season' (every ee months or so), players will be itted to complete extra challenges to now weapons and equipment, lerent tiers of battle pass (costing re money) enable them to achieve s more quickly, while items can also purchased from the in-game store.

POLITICAL SENSITIVITY

AN ADDICTIVE EXPERIENCE

Advice for Parents & Carers

RESPECT THE AGE RATING

Based on accurately recreating combat situations, Call of Duty games are unflinching in their portrayal of war. Limbs are shot off and explosions send gore flying, while the previous Modern Warfare featured a lengthy interrogation and torture sequence. With Modern Warfare II offering the same style of brutal realism, it's worth reiterating that the PEGI 18 age rating is there for a reason.

CLOSE OFF COMMUNICATION

Unless they're playing with their real-life friends, it may be worth closing communication channels if your child plays Modern Warfare II. There's less of a team focus than in many other online combat games and therefore no real need to interact with strangers. Call of Duty fans can be intensely competitive, so even a single action by your child could provoke a barrage of abuse from strangers.

SET SPENDING LIMITS

If your child is likely to be tempted by buying that 'must-have' weapon or item, consider removing your bank details from the console or computer to prevent indiscriminate spending – and an unwelcome bill. Pre-paid cards could be an option for in-game purchases, allowing you to control how much your child can spend in advance – and helping them learn the basics of budgeting.

TRY OTHER MODES

If it seems that your child only ever plays Modern Warfare II in multiplayer, you could try out the Spec Ops mode with them – formulating strategies while enjoying each other's company. You could also play multiplayer together, taking it in turns to ensure regular breaks. Another alternative is the game's campaign mode, featuring bespoke missions and scenarios which follow an overarching plot.

Meet Our Expert

What Parents & Carers Need to Know about

AMIGO

Amigo is a social platform which purports to connect strangers from around the world and, with built-in translation software, it reduces the expected language barriers. Focusing heavily on one-to-one chat, video calls and live streams, Amigo encourages its users to build up online relationships and unlock exclusive features such as private video and audio calls: essentially, the more that people chat, the more functions become available to them. This is an app designed with mature users very much in mind and is therefore definitely not recommended for children.

•

ONE-TO-ONE COMMUNICATION

WHAT ARE

THE RISKS?

While online chats and livestreaming are a great way to communicate with people that children can trust (such as friends and family), Amigo encourages users to connect with complete strangers and develop a friendship through private chats, calls and videos. This will be a clear red flag for most parents, due to the possibility of a child encountering inappropriate content or an online predator.

INAPPROPRIATE CONTACT

Within minutes of signing up for our trial of Amigo (and without using a profile photo), users of the opposite sex were messaging with suggestive statements such as "You're just my type" and "Let's have fun". While the app's stated intent is to help people build friendships, some users obviously seek to take those relationships in a more mature and amorous direction.

MEMBERSHIP COSTS

Like many apps that are free to download, Amigo's business model is centred on in-app purchases. Users are encouraged to pay for VIP membership – enabling them to send more messages each day and boosting their profile's visibility. People can also buy coins (again, for real money) which allow them to send virtual gifts and further increase the number of messages they can send daily.

LACK OF AGE VERIFICATION

Amigo makes no secret of the lact that it's for people aged 18 or above. There's no age verification, however, so a young person could simply sign up under a false date of birth. The app' algorithm claims to match users of similar ages (making them more compatible), but either the algorithm isn't very reliable, or most users have entered a fake age which doesn't correspond with their profile pic.

REWARDS FOR REPEATED US

Amigo gifts virtual coins to users if they reply to messages within 10 seconds, while there are also daily rewards for posting comments, sharing a video, getting likes or simply opening the app. It also ancourages increasing 'Intimacy Levels' with other users to unlock extra features: once someone's online 'friendship' reaches Intimacy Level 3, they can hold one-to-one video calls with each other.

Advice for Parents & Carers

MONITOR DOWNLOADS

As well as frequent catch-ups with your child about what they've enjoyed doing online, you could consider taking the additional step of physically checking their phone every so aften to see which apps they've installed. The safest option could be to enable 'ask to buy' (Apple) or 'purchase approvals' (Android) on their device, meaning your authorisation is needed to download any apps.

RESPECT AGE RESTRICTIONS

Apps have age restrictions for a reason, and Amigo is very definitely a mature content platform. Given that many of Amigo's users apparently use a beggis date of birth, you might want to remind your child about the implications of setting up a fake profile – such as being exposed to messages and videos that make them feel uncomfortable or feeling pressured into chatting with strangers.

Meet Our Expert

Dr Claire Sutherland is an online safety consultant, educator and researcher who has developed and implemented anti-bullying and cyber safety policies for schools. She has written various academic papers and carried out research for the Australian government comparing internet use and sexting behaviour of young people in the UK, USA and Australia.

10

BLOCK, REPORT, DISCUSS

Many children already know that connecting with strangers online is dangerous, but it never hurts to refresh their memory. Whatever communication apps your child uses, make sure they're fully aware that if anything online makes them feel uncomfortable, scared or upset, then they can block the user responsible, report the content, take a screenshot as evidence and come to tell you straight away.

ACTIVE LISTENING

If your child does approach you with a concern, make time to stop what you're doing and actively listen. Let them talk without interrupting or showing any judgement, then discuss their options and the possible solutions: this empowers them and reassures them that you're there to be supportive. If the issue is one that has put your child at risk, however, you may wish to contact the police.

What Parents & Carers Need to Know about

Minecraft is a beloved classic of modern gaming. First released in 2011, this open-ended 'sandbox' game of building and exploration still has over 140 million players who happily return to play it at least once every month. Minecraft has also been utilised for much more than just entertainment: it's sometimes used in schools to teach children coding, and it's also employed as a tool for computer-aided design, which is another valuable skill. Encouraging creativity and problem solving, Minecraft has plenty to offer gamers of all ages, and it's available on almost all video game platforms.

WHAT ARE THE RISKS?

PUBLIC SERVERS

Joining a public network (called a server) lets your child potentially interact with strangers through text chat. Some servers focus on building, while others are dedicated to role-playing - encouraging direct player interaction. Anyone can join public servers and connecting to one is relatively simple. Public server IP addresses (and therefore someone's location) are easy to find with search engines.

GRIEFING

Some people in Minecraft delight in purposefully damaging or deatroying another player's creation. This is called 'griefing' and is a form of bullying: it intentionally spoils someone else's experience in the game by deleting hours of their work and forcing them to start from scratch. Many public servers treat griefing as a severe offence and frequently ban offenders.

ADDICTIVENESS

The visual design and gameplay of Minecraft is purposefully child friendly, so there's nothing too untoward in the game. However, some of the 'baddles' that can be encountered might prove a little too scary for very young players. In the game, certain ener come out at night and are accompanied by audio – such as zomble moans and skeleton bone rattles – that may unnerve young ones.

ADDITIONAL PURCHASES

After initially buying the game, players can make optional extra purchases for cosmetic items and other bonuses. Minecraft Realms is an optional online subscription (requiring regular payments) that lets users run a multiplayer server to play with their friends. Most games consoles also need an active subscription to enable online play – so online gaming can quickly become an expensive hobby.

Advice for Parents & Carers

RESEARCH CONTENT CREATORS

CHOOSE THE RIGHT MODE

HOST A PRIVATE SERVER

ENCOURAGE BREAKS

It's easy for the hours to fly by while your child is playing Minecraft, so reminding them to take regular breaks is essential. This is a useful way for them to learn good time management, which they'll benefit from as they get older. It will also teach them to play their favourite games in moderation – limiting addictive behaviour and allowing them to manage their day better.

TALK ABOUT STRANGERS

Meet Our Expert

Clare Godwin (a.k.a. Lunawolf) has worked as an editor and journalist in the gaming industry since 2015, providing websites with event coverage, reviews and gaming guides. She is the owner of Lunawolf Gaming and is currently working on various gaming-related projects including game development and writing non-fiction books.
